

NATIONAL SEMINAR

Higher Education Commission in India (HECI): Issues, Challenges and Solutions

10 November, 2018

Venue: UGC-HRDC, The Hermitage, Nainital

Jointly Organised by

UGC-HRDC, Kumaun University, Nainital

&

United Professionals and Scholars for Action (UPSA)

Our education at any level is not able to make students 'Street Smart' i.e. practical intelligence in day to day life. On the other hand academics is not able to develop problem solving intelligence.

Therefore, no Multiple Intelligence have been developed as a whole in India. We all understand that outcome depends on Intelligence whether, economical, social or environmental. Apart from that; in education system not only quantitative indicators are required but qualitative indicators are also required.

Relevance of the Seminar

HECI aim is "Excellence at par Global Level "

UGC busy doing so many things, where as questions of standard Higher Education is the prime concern of every one across India.

Objective of the Seminar is to know that

1. How Political Interference will not be there in HECI?
2. How the eminent academician will be there as a members of HECI'?
3. How the Autonomy of Education will be insured step by step?
4. What would be the research publication and their standards?
5. How & who will decide ensure the quality of HECI members
6. How the concerned society will respond?
7. How the benefits of Research should reach to poor?
